Re: Request to Advertise Bid
10th Street Sanitary Sewer
Realignment

Dear Board of Public Works & Safety:

Noblesville Utilities is requesting permission to advertise for bids for a project to realign the existing 8-inch sanitary sewer between 1618 and 1372 S 10th Street. The sanitary sewer's current alignment is through private parcels, approximately 170-ft east the S 10th Street right-of-way.

The proposed realignment of the sanitary sewer and utility easement is along the back edge of the parcels, approximately 370-ft east of the S 10th Street right-of-way. This realignment will support and streamline growth along the S 10th Street corridor.

Thank you for your thoughtful considerations on this matter.

Jonathan Mirgeaux, PE
Director, Noblesville Utilities
