FROM: James Alexander, Street Dept. Fleet Manager

CC: Lindsay Downing

SUBJECT: Wheeled Skid Steer

DATE: October 3, 2023

The purpose of this memo is to request approval to increase funding for a wheeled skid steer, approved for purchase in April.

Background

The original bid from Reynolds Farm Equipment on a 2023 John Deere 332G skid steer had a package mistakenly omitted. The Electro-Hydraulic Performance Package provides a 14-pin electrical harness and upgraded joysticks necessary to operate multi-function attachments.

Proposed Purchase

This package, when installed at the factory, is $2,600. Reynolds has agreed to install this upgrade for a cost of $1,800. With this addition, the bid is still the lowest cost of the three bids originally received. The final cost will be $53,745.
