TO: Noblesville Board of Public Works and Safety

FROM: Alison Krupski, City Engineer

SUBJECT: Board to Consider Supplemental Agreement for On-Call contract with

American Structurepoint. Inc.

DATE: October 10, 2023

The City of Noblesville entered into an on-call agreement with American Structurepoint on February 22, 2022. The purpose of this contract was to help supplement the workload in the Engineering department due to increased emphasis on infrastructure projects and internal/external communication. With all three phases of Pleasant Street under construction in 2024, along with all of the other Capital and Private Development projects, Engineering is requesting that the on-call contract be extended.

I recommend the Board of Public Works approve this agreement with American Structurepoint for the On-Call services.

- A. Amount of Payment
  - 1. The Contractor shall be compensated for services to be performed under this Contract a fee total not to exceed \$250,000 \$500,000 unless approved in writing by the City.
  - 2. The Contractor shall be compensated for services an amount equal to the cumulative hours charged to the Project by each class of Contractor's employees, plus direct expenses. Rates will be calculated using labor rate multiplier based on current wage rate, overhead rate, 15% profit and FCCM. Progress payments with this method are computed using a provisional overhead rate based upon the most recently audited rate that is accepted by INDOT. Final compensation is determined by actual audited and accepted overhead rates for the billing periods, which are determined subsequent to the close of the Contractor's fiscal years. Progress payment adjustments are to be made upon issuance of accepted overhead rates and a final audit is required when the work is completed. Overtime rates will only be paid if the employee works over 40 hours on this project. The total obligation under this portion of the Contract shall not exceed \$250,000 \$500,000, unless approved in writing by the City.
