## Road Impact & Sanitary Connection Fee Calculation Notes:

1. Applicant shall submit construction drawings of site plan and floor plan with request. Digital is preferred, however paper plans may be requested on occasion. (Upon request, plans can be returned to applicant once permit has been approved.)
2. Final determination of fees will not be determined until filing of Building Permit.
3. Print or type all information in ink. (Note that this form is an interactive and editable PDF document.)
4. If any project information is changed and/or modified the fee may be adjusted accordingly.
5. On fee estimates, the more detailed information the more accurate the estimate.
